There is no other county like Martin County.

Keeping it that way is
everyone's responsibility.

IS THIS ANY WAY TO LIVE?

**We think not. We believe in living responsibly.
That means protecting our waterways so everyone
can enjoy clean water. Is that too much to ask?**

THE GUARDIANS' PHILOSOPHY

People say what you believe

makes a big difference. We believe in growth that's responsible, not reckless. We believe in preserving nature, not poisoning it. And we believe in lower taxes, not high rises. We call this living responsibly and it serves as a guiding principle of our organization.

For us this means planning carefully and acting deliberately in concert with the needs of the environment, ever mindful of the reality that what's best for the county is what's most valued by our residents.

THE MARTIN COUNTY LIFE

In Martin County this type of thinking has led to a truly distinctive quality of life. We have a low crime rate, an excellent educational system, a lower unemployment rate and safe and attractive parks, beaches and public spaces. Small businesses are strongly supported and economic vitality pulses through our downtown areas.

The blueprint for this positive environment is Martin County's Comprehensive Growth Management Plan, a document that calls for a thoughtful, balanced approach to the use of the county's resources on behalf of its citizens. That's the Martin County difference.

THE GUARDIANS' PLAYBOOK

CLEAN WATER

Clean water is the right of every citizen. The Guardians support programs and legislation that protect our water resources. We are also one of the founding members of the "Floridians for Clean Water Initiative" and a supporter of Florida's Water and Land Legacy initiative.

HOW YOU CAN HELP

- Join our Email List.
- Volunteer.
- Make a Tax-Deductible Donation.

See details on back of brochure

EDUCATION

Through regular awareness campaigns that include educational videos, programs and public presentations The Guardians help foster greater understanding of the issues and challenges to our Comprehensive Plan and, indeed, to life in Martin County. We also host collaborative meetings with like-minded community groups and support the work of other organizations with complementary goals.

ADVOCACY

The Guardians provide input on responsible growth management and environmental issues facing the county by actively participating on a variety of local, regional and statewide committees and forums.

SPEAKER'S BUREAU

The Guardians have developed several issue-oriented presentations available online or as complete Power Point programs for community groups. Please contact us for more information.
